

Friday 19 May 2023 - above is almost everyone at the 'Meet and Greet' at the Historic Motor Vehicles Club in Victor Harbor. This photo was featured in the Victor Harbor Times. My thanks to David Robinson for sending it to me.

A wonderful afternoon meeting our hosts, the Humber Club of South Australia, picking up our

Rally bag of goodies, and a great time catching up with old friends and new. This was followed by great food and conversation - very relaxing.

Speaking of Rally Bags - we loved it all but how good is that multi-purpose torch? It's a beauty and Ray is planning to buy a couple more!

Display and Pride of Ownership

If I counted correctly, there were 21 magnificent Humbers on the Warland Reserve, but not one pre-1950s. There was also an honorary Humber - Simon and Julie Pierce sadly had to leave their Super Snipe Ser VA back in Queensland, and make do with their 1989 Bentley Turbo (tragic but true!). I heard Julie refer to it as the "Humbley" - nice! There was much interest from the general public.

Evening Dinner & Entertainment - Victor Harbor Bowling Club

Twilight Lawn Bowls, wear flat shoes or go barefoot - yes it's freezing cold outside but it will be fun! (they said...). Ray played and won at least one end, I stayed firmly inside, in the warm, near the bar.

Guided Sightseeing

We split into two guided groups: one to Goolwa; while we went to The Bluff. Rainy, cold, lots of fun!

Lunch for us was at Belicious - wow! Genuine Belgian chef, magnificent food, great atmosphere and beautiful outlook slap in the middle of nowhere. Would happily go back anytime!!

Dinner and Trophy Presentations

3 course Humber Christmas Menu - magnificent!

Ray and I won a prize for submitting the very first Rally registration form! We were also lucky enough to win one of the raffle prizes.

Check out our awesome Rally Award. I believe the artist is Monika Kruger - thank you!

Daryl (left) and Jennette (right) Maclagan, receiving their trophies from Emmanuel Papazoglou, the president of the Humber Club of South Australia. They won 2 trophies for Pride of Ownership and People's Choice for their magnificent 1966 Sceptre Mark 2. The trophies (pictured next page) were hand-crafted by Paul Kruger.

Trophy Presentations

Below are the Pride of Ownership, People's Choice, and Perpetual Trophy winners.

Although the Maclagan's beautiful vehicle was the only Sceptre, I was assured that the judges would not have awarded the Pride of Ownership in that category if it hadn't met all the criteria. A deserving win, proven by also winning the People's Choice Award. The HCCV is proud of you.

Museum and Farewell

Southern Fleurieu Historical Museum, a very impressive and comprehensive museum. I wish I could show you more of the dozens of photos I took. After morning tea, those remaining dispersed to either travel home or stay an extra night as we did.

After Rally Dinner for the Stayers!

The Grosvenor Hotel was an easy walk for us from our motel. David and Beth booked a table for 20ish people and we had a very relaxed evening - a perfect wind-down to a busy few days.

Glance up - and there is a miniature railway running around and through the ceiling. Sadly undergoing repair, so we couldn't see it operating. Thank you for the extra photos David!
