

## Christmas 2012

No formal meeting was held as the Christmas spirit was upon us. In all we had 20 adults, one teenager and 6 children ready to party. The hall was decorated, the Christmas tree was ready and the Christmas music lent an ambience to the gathering and set the mood for a lovely night together.

Lotte Linden had once again concocted a puzzling quiz that had all of us scratching our heads and thinking I know that but what is the answer??? Colin Anderson won the quiz with a remarkable score and so won the prize. Thank you Lotte for giving us another fantastic quiz

The lucky door prize was a hamper of Christmas goodies that was won by our teenage visitor. She said she had never won anything before and was delighted to be able to share the prize with her Grandfather who she had come with to our Christmas Gathering. The award of the hamper was so totally unexpected and having never won anything before it was lovely to see her win it.

At the end of the evening festivities we gave each other best wishes for a safe and happy Christmas and we will look forward to seeing everyone in the New Year.
