

Humber Car Club Gathering at Jells Park—2012

What a hot Public Holiday the 2nd day of 2012 turned out to be and a total fire ban into the bargain too. You would imagine that the Jell's Park outing for the 2nd January may well have been cancelled, BUT NO!

Humber members are made of sterner stuff and six intrepid picnickers made their way to the Park and had a very enjoyable afternoon under the shade of the beautiful trees with a refreshing breeze. Although BBQ's were out (due to the fire ban) chicken and salad went down very well with a glass or two of bubbly.

Watching and participating in games of Bocce provided the entertainment. The overall champion was Anne Anderson who fought off all opposition with a deft flick of her wrist that sent the balls flying towards the Jack where most of us struggled to even see the Jack amongst the leaves and grass. Thanks must go to Hugh Baker for bringing the game for us all to enjoy.
