

A Picnic At Jells Park Thursday 3 January 2013

The Humber Car Club of Victoria held its first Club social activity for 2013 in Jells Park - a picnic day – an opportunity to get our cars out of the garage and see them driving on the road. . . proudly. The sister clubs, Singer Club, Sunbeam Clubs and Rootes Group Club were all invited to join in the activity.

usual greetings, introductions and “catch-ups” took place first as each arrived. Several Singers, Sunbeams and Humbers lined the tree shaded car park area. Some of these are shown here. John Washbourne and Judy took great pride in presenting their new veteran toy, the Brush, at this event. It’s not a Humber but it is beautiful!

Rob and Pam Young's Series II Super Snipe Estate

Singer Club member, Graham, attended the picnic day with his car

The weather was quite warm and sunny, reaching a temperature of 37 degrees in the afternoon, nevertheless, a group of enthusiasts from the said clubs gathered to share each others' company in the shade of the trees in Jells park where a picnic lunch was enjoyed (it was generally considered too hot to stand beside the BBQ cooking meat). Relaxation and friendly discussions over different topics, including the usual “get to know you” questions between members of the clubs, took place after lunch.

This was a pleasant day out with a group of interesting people. I loved the drive. I loved the cars. I loved the picnic, and I loved the people. Thank you HCCV Committee.

Ian A.
