

24 JUNE 2018 - Celebrating the Winter Solstice - Mt Macedon Run and Lunch

We enjoyed a delicious lunch at the Top of The Range Café with 16 stalwart attendees - plus our very own mini-Humberette, 15 month old Maisie Galea. 4 magnificent Humbers completed the hill climb easily and attracted some admiring attention in the car park. The maximum temperature was around 7 degrees, and while not quite snowing outside we were warm and cosy inside.

The views were magnificent and the company convivial. Thanks everyone!
