

# Jells Park Picnic Report

On the morning of Wednesday 8 January 2020, Ray and I headed off in the Honorary Humber Rukus for the 2 hour trip to Jells Park for the annual combined clubs' picnic. Being a weekday meant less from other clubs were able to attend this year, but it was still great to see a diverse range of vehicles in the car park.

In all 16 adults and 3 children gathered for a delightful leisurely day out. Luckily I had enough Freddo Frogs in my bag for the kids (because no self-respecting grandmother leaves home without a secret stash of treats!).

I designed what I thought was a relatively easy quiz but was howled down by the groans of horror. Still, it stretched people's thinking processes (there was much head-scratching and pen-

chewing) and it also got people chatting and chuckling which is really the whole idea.

Rod & Majella Burchill won the quiz and the prize hamper of wine and goodies.

We enjoyed our day out, catching up with members we don't often get a chance to see and also meeting new folk.

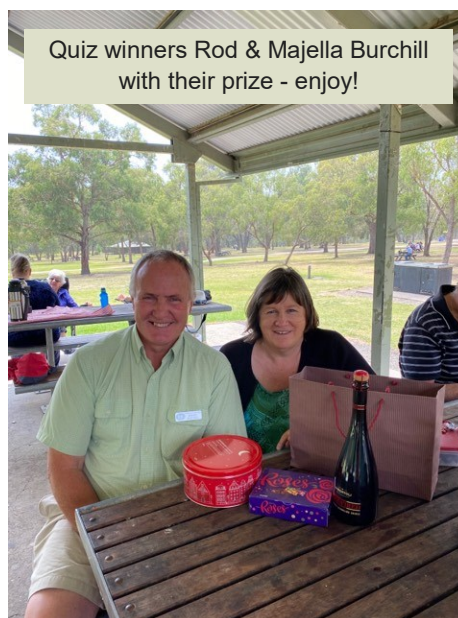

Later in the day as we were preparing to pack up and wend our separate ways home. we saw people taking photos of themselves with the different cars in the car park, obviously liking and appreciating what they saw.

The Quiz is reprinted on page 8, the answers are elsewhere in this issue.
