

Marong Picnic Report - Sunday 28 August 2022

This wasn't a club event, however a number of Central Victorian club members were present: Bob Kennedy, Hans and Michael Pass, Margaret and Barry Croke, and JM.

Very relaxed day, with plenty of cars and machinery from all eras - something for everyone, even veggie burgers for the vegies like me. Lovely late winter sunshine.

Hans and I travelled up in convoy – Riley Kestrel and Humber 80 Snipe – Michael Pass in a Sunbeam Talbot, the Crokes in the Series 5.

Of note, lots of people brought their pets along which was very nice and added to the atmosphere. Michael Pass was there with Lenny the Border Collie, and the Crokes came along with Henry, their big pink pet pig, who spent much of the day chilling out on the roof of their Series 5 (possibly keeping a safe distance from Lenny, who had a bit of a hungry look).
