

Guildford Grumpies Peter Turner Memorial Show and Shine

Sunday 23 March 2023

Thank goodness we only had to drive about 15km, no need to get up at the crack of dawn!

What an amazing day it was. A cold 9 degrees turned into a beautiful mild day of about 23 degrees. Shannons had their Super Rig on site with 5 racing simulators, lots of stalls selling various goods, things for the kids to do, plus great food and coffee! A shout-out to Jac for organising the Humber Keep Cups - best thing ever, we take them everywhere with us now.

We counted about 150+ vehicles on the oval and I'm both pleased and saddened that MM4

was the only Humber present. We saw a nice little Hillman Minx and we think that was the only other Rootes Group vehicle.

The Paas family was well represented and managed to form their own display area on the outer edge of the oval: Hans with Veronica, his 1938 Vauxhall Wyvern H Caleche 10; Michael with his 1927 Crossley and tear-drop caravan; John and Janet with their 1953 Vauxhall Velox Vagabond Tourer Convertible.

We also briefly caught up with Bob Kennedy.

Here's a game for you - find MM4!
